Scheduling group dates and locations

- Are the locations appropriate for the training?
 - Enclosed for sensitive conversations
 - Enough room for the group to sit comfortably around a table
 - Provide for a laptop set
 - Has a projector and screen
 - Loud enough sound for the videos
 - Wifi (optional)

- Is each group planning to complete all four (4) workshops within two (2) weeks?

- Are the first groups scheduled within two weeks after the facilitator training? (It is ideal if the groups can be scheduled right after the facilitator training. Group dates can overlap for different facilitators.)

Recruiting participants for groups

- Have you given your facilitators the Participant recruitment packet to help them in recruiting?
- Does each group have 6-12 participants recruited? (ALWAYS TRY FOR 12 PARTICIPANTS with two (2) back ups per group. The participants should have at least one other participant who they already know and can pair up with for activities).
